SECOND NOTICE OF AVAILABILITY OF REVISED
TEXT

Workers' Compensation Claims Adjuster Training Certification
RH 04038570

Notice Date: October 4, 2005

On August 23, 2004, the insurance commissioner issued a Notice of Proposed Action and Notice of Public Hearing proposing the adoption of regulations for the training and designation of workers' compensation claims adjusters and medical bill reviewers. The proposed regulations comprise the new Article 20 of Title 10, Chapter 5, Subchapter 3 of the California Code of Regulations.

On September 1, 2005, the insurance commissioner issued a Notice of Availability of Revised Text inviting public comment on revisions to the original text of the proposed regulations. Comments were received through September 16, 2005 and reviewed, which have resulted in additional changes to the revised text of the proposed regulations.

Public Comment Invited:

The insurance commissioner plans to make certain additional changes to the subject regulations and now solicits written comments on those changes only. The commissioner believes that the changes are sufficiently related to the original text so that the public was adequately placed on notice that the change could result from the originally proposed regulatory action. Accordingly, pursuant to the provisions of California Government Code Section 11346.8(c), the commissioner is soliciting written comments on these additional changes only. Comments on prior changes will not be accepted.

A copy of the proposed regulations, with the proposed additional changes clearly indicated will be available for public comment and inspection for at least 15 days before the proposed regulations are adopted. Current changes are as follows: deletions from the revised proposed text for this public comment period are indicated in double strike-out; additions are indicated in double underline. This document may be inspected between the hours of 9:00 a.m. and 4:00 p.m. at the Department's offices at 300 Capitol Mall, 17th Floor, Sacramento, CA 95814. The document along with this Notice will also be posted on the Department's website, www.insurance.ca.gov.

Status of Prior Versions of These Regulations and Notice of Availability of Revised Text dated March 4, 2005

It has come to the attention of the insurance commissioner that the prior revised text version of these regulations and Notice of Availability of Revised Text dated March 4, 2005 was actually issued on March 8, 2005, as noted in the declaration of mailing. Inadequate time was given for the 15-day comment period as required by California Government Code section 11346.8(c) before the record was closed. Therefore, the revisions previously done and issued for comment in March of 2005 were not effective.

The changes contained in this second revision are all changes made from the original text of the proposed regulations issued August 23, 2004, with changes done in single strike-out for deletions and single underline for additions for the first revision issued September 1, 2005, and changes done in double strike-out for deletions and double underline for additions for this second revision.
